The background of the advertisement is a photograph of a modern house with a white corrugated metal roof and a large white garage door. The house has a covered front porch with a white door and a window. A brick path leads to the porch, and there are some green plants in the foreground. The sky is blue with white clouds.

EDEN ROC 15 YEAR COMPLETE WARRANTY

Eden Roc's 15 Year Warranty covers all complete garage door and motor packages supplied and installed from 1st December 2020. In order to activate the warranty and have many years carefree use of your garage door, it is important that the Warranty Registration is completed within 90 days of installation and that you are familiar with terms and conditions as listed below.

At Eden Roc we are so confident in the products that we supply and the skill of our technicians and installers that we are able to offer a 15 Year Warranty on your garage door and motor (when purchased as a package) To maintain the warranty it is essential that the door and motor are serviced within 12 months of the initial installation, and every 24 months thereafter by an Eden Roc approved technician. To make it easy to keep track of your servicing, we have designed an automated process to provide an annual alert and reminder that your warranty service is due.

Provided we have a valid mobile number and e-mail address, you can rely on us to contact you to arrange your annual service.

COLORBOND COLOURS

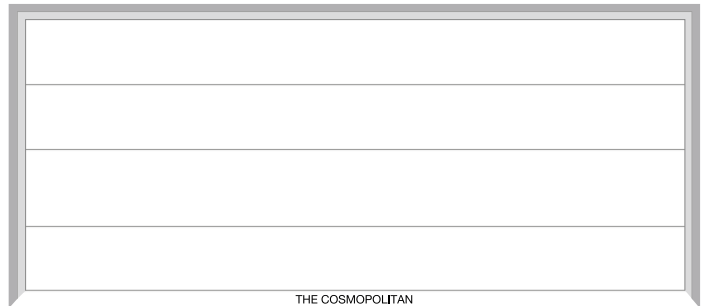

COSMOPOLITAN by Centurion

FLATLINE by Steeline

NULLARBOR by B&D

COLORBOND® GARAGE DOORS

Modern and distinctive woodgrain embossed flat panels that deliver a minimalist modern look and maximum street appeal. This contemporary profile offers a simple & minimalistic appearance. Available in a range of finishes and Colorbond® colours. (Available in smooth as an option)

THE COSMOPOLITAN

SETTLER GARAGE DOORS

Achieve a sophisticated look to suit your modern-day home with the embossed Settler Garage Door. The Settler's wider-than-usual panels are possible due to a unique V-groove design. Together, these features allow The Settler to stand out for its high quality finishes and modern design. The settler is a highly sought after garage door.

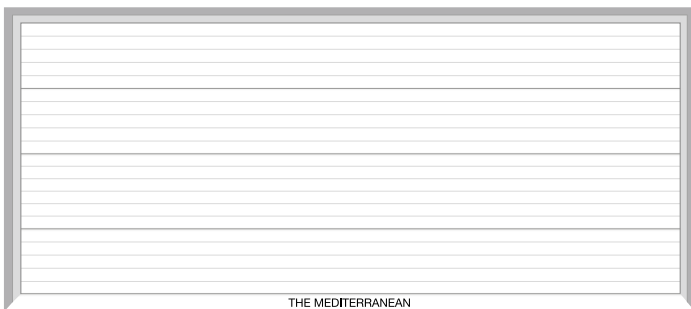

THE SETTLER

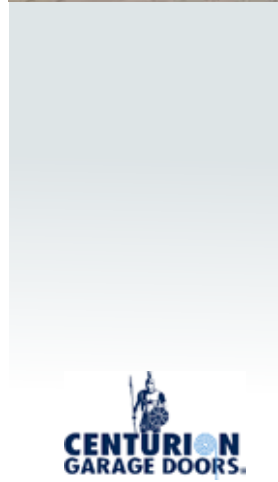

MEDITERRANEAN

COLORBOND® GARAGE DOORS

Mediterranean door is perfect for modern day architecture. It exhibits a distinguished look through clean lines and slim paneling. With a narrow board V-groove design, the Mediterranean can complement the façade of any home.

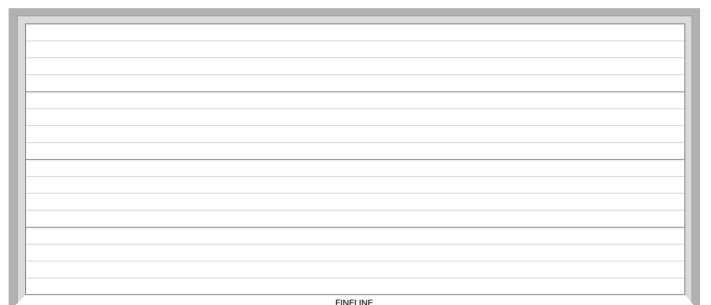

THE MEDITERRANEAN

FINELINE

GARAGE DOORS

A Fineline sectional garage door has embossed, contemporary symmetry with evenly spaced lines, which ultimately creates a dazzling appearance. This is an enduringly popular range of doors, as their design is well suited to virtually any external décor. The Fineline garage doors come in a diverse range of finishes and Colorbond® colours.

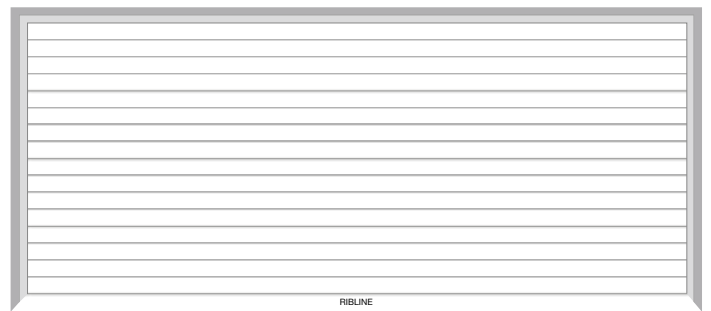

FINELINE

RIBLINE GARAGE DOORS

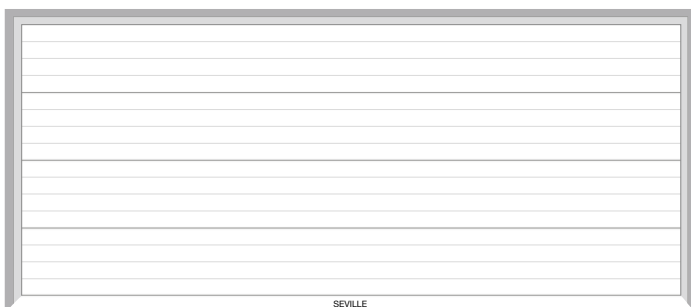

A Ribline sectional garage door has embossed, contemporary symmetry with evenly spaced deep lines, which ultimately creates a weather board appearance. Our Ribline garage doors come in a diverse range of Colorbond® colours and embossed finish.

RIBLINE

SEVILLE GARAGE DOOR PROFILE

Modern straight lines; Clean, sharp lines for a fresh modern look suited to a range of home styles. The Seville profile is evenly spaced with clean, sharp horizontal lines to complement virtually all home designs. Available in a range of finishes and Colorbond® colours.

SEVILLE

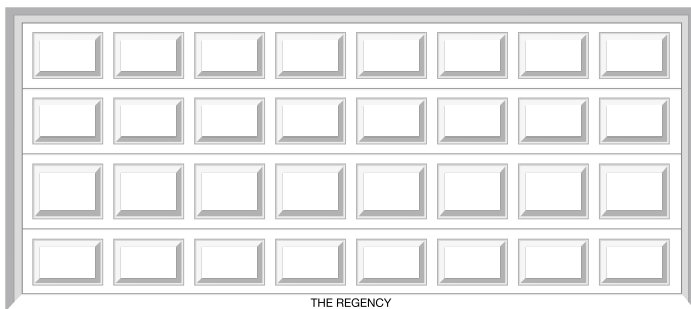

REGENCY by Centurion

HERITAGE by Steeline

STATESMAN by B&D

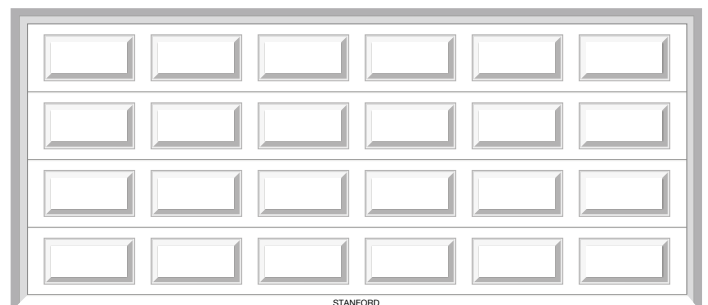

COLORBOND® GARAGE DOORS

Classic timeless geometric patterns that bring the best out of your home. This style is crafted with equally spaced symmetrical square embossments and a finish to perfectly complement a home with a traditional character. Available in a range of finishes and Colorbond® colours.

STANFORD GARAGE DOORS

INSULATED SECTIONAL

Doors

ERGD offer a retro-fit insulation service for clients interested in insulating their Steeline, Centurion or B&D sectional doors.

The product we use is Polystyrene Foam (also known as Styrofoam) which is a closed cell, lightweight, rigid, cellular plastic foam material. Polystyrene is an industrial foam product, commonly used as thermal insulation in buildings and construction, for block-outs and formwork in concrete, for packaging, for signage and displays, and for many miscellaneous purposes including garage door insulation.

THERMOFLAT
